

Key Features:

Compact Rectangular Design: The Cali Cove delivers clean, modern lines in a space-conscious **12' × 23'** layout that works beautifully in smaller backyards, patios, side yards, and screen enclosures.

Gentle Sloping Bottom: A gradual depth from **3'3" to 5'1"** creates a comfortable

transition from shallower water to deeper swimming space.

Large Play, Swim, and Float Area: Its efficient layout preserves plenty of open water for swimming, floating, family play, and everyday backyard enjoyment

Polished Outdoor Living Appeal: The rectangular shape pairs naturally with paver patios, straight-line decking, modern landscaping, covered seating areas, and screen enclosures.

American-Made Fiberglass Pool: Manufactured in Orlando, Florida with a smooth gelcoat surface designed for comfortable use, attractive styling, and easier routine care.
