

Compact Rectangular

Design: The Solaris delivers clean, modern lines in a space-conscious **10' x 20'** layout that works beautifully in smaller backyards, courtyards, patios, and side-yard spaces.

Comfortable Flat-Bottom

Depth: The consistent **4'6"**

depth creates an easy-to-enjoy environment for cooling off, floating, lounging, and casual family fun.

Built-In Entry and Seating: Integrated entry and seating areas provide comfortable places to enter the water, relax, socialize, or supervise younger swimmers.

Designed for Smaller Outdoor Spaces: The compact footprint leaves more room for patios, landscaping, lounge furniture, outdoor kitchens, and entertaining areas.

Clean, Versatile Style: The simple rectangular shape pairs naturally with pavers, turf, tropical landscaping, screen enclosures, and contemporary outdoor living designs

Open Water for Everyday Enjoyment: Its streamlined layout preserves room for swimming, playing, floating, and refreshing backyard relaxation.

American-Made Fiberglass Pool: Manufactured in Orlando, Florida with a smooth fiberglass surface designed for lasting beauty, comfortable use, and easier routine care.
