

The Margarita Island is designed for homeowners who want generous space for lounging, swimming, and entertaining. Measuring 16' wide by 42' long, this spacious model features a full-width shallow lounging area, wide entry steps, an open swimming area, a 7' deep end, and wraparound deep-end seating.

Key Features:

Designed for Entertaining: The tanning ledge, wide steps, open swimming area, and deep-end seating create natural spaces for relaxing, socializing, and enjoying time outdoors.

Spacious Family-Friendly Layout: At 16' x 42', the Margarita Island provides plenty of room for shallow-water lounging, easy entry, active swimming, and deeper-water enjoyment.

Built-In Tanning Ledge: The generous shallow ledge provides space for in-pool lounge chairs, young swimmers, pets, or simply relaxing in the water.

Wraparound Deep-End Bench: Built-in seating extends across the deep-end wall and connects with the benches along both sides, creating a comfortable place to rest without interrupting the open swim area.

7' Deep End: The deeper swimming area gives the Margarita Island added versatility for homeowners who want more than a traditional shallow-to-medium-depth pool.

Clean Rectangular Shape: The modern rectangular design pairs beautifully with patios, pavers, outdoor kitchens, screen enclosures, and contemporary backyard layouts.
